ABOUT THE COMPETITION

The 2nd Online National Article Writing Competition, 2026, on *"Election Law in India: Electoral Reforms, Voting Rights and Democratic Integrity*" aims to provide students and research scholarss a platform to critically examine contemporary issues in election law. The competition encourages scholarly engagement with electoral reforms, voting rights, electoral transparency, technological developments, and constitutional accountability.

Background and Importance

The competition seeks to foster critical thinking, encourage academic dialogue, and contribute to a deeper understanding of the legal and constitutional challenges shaping electoral democracy in India.
